    - If they cannot accommodate your event, they must provide you with written permission for you to use external food.
- If you wish to request an exemption, including for cultural food, please indicate this in your **event registration form**. Requests will be reviewed on a case-by-case basis.
- If a sponsor would like to provide food for your event, this must be approved through the event approval process.
- If you hold an on-campus event and do not use Food Services or Wilf's (as applicable), and have not received an approved exemption, **you will not be reimbursed** for food-related expenses.

Food Handling and Safety

Food Handling and Preparation Liability will be assessed regardless of event location **(no potlucks or sharing of homemade food, avoid food preparation unless in a supervised professional kitchen)**

Food at Events

Many clubs want to serve food at events. However, catering is very expensive and makes up a significant portion of event expenses. **We recommend that you don’t serve food at all of your events, and if you do want to cater, choose events that don’t revolve around meals to cater, and serve individually prepackaged snacks and drinks (or no food at all) at other events.**
