MODULE B

Events

C&A 101

OVERVIEW

Event facilitation takes up a large portion of Clubs & Associations portfolio.

ANY time any club wishes to gather, an Event Registration form must be submitted.

In this Module, you will be taken through a step by step guide on what to do when your club wishes to host an event. Through this guide, you will learn important information about general event facilitation and the Clubs & Associations department policies and procedures.

EVENT FACILITATION GUIDE

Step 1: Event Conception
Step 2: Event Feasibility
Step 3: Event Request Form
Step 4: Space Booking
Step 5: Event Logistics Planning
Step 6: Event Approval

L1 Equipment Bookings

MODULE B.1

STEP 1:
EVENT CONCEPTION

The first step to hosting any event is **creating and planning** a concept with your team.
See questions to ask yourself:

WHAT TYPE OF EVENT IS IT?

Private
Club gatherings that are restricted to existing team members only
(club meetings, socials or training)

General
Majority of standard events would be considered here (public socials, craft activates, movie nights, re-occurring themed events, workshops, exercise)

Outreach
Hosting a table on campus to assist with club visibility or promotion
(boothing in the concourse)

Competition
Clubs attending or hosting students to compete for a formal prize
(Hackathon, Case Competitions, Debates)

Formal
Larger scale social event to offer elevated experiences for students
(galas, end of year celebrations)

Professional Advancement
Larger scale events with a focus on career building (conferences, networking, workshops)

Do your best to fit your event into the best possible category.
On the Event Registration Form, you can only select ONE event type.

MODULE B.1

IS THE EVENT A STANDARD OR LARGE EVENT?

Events that are larger in scale, require **additional support from the Clubs & Associations department** and other campus partners (i.e, Special Constable Services, ICT, Facilities etc.).

These events are strongly encouraged to be brought to the SU's attention as early as possible. See below the difference between Standard and Large events.

Standard Events

- 100 or less anticipated attendees
- Event Type: Private, General, Outreach
- The event is only a few hours/part day or evening
- Two or less external sponsors/speakers/services have been invited or booked
- Joint event with two or fewer Laurier clubs
- On or off-campus

Large Events

- 100 or more anticipated attendees
- Event Type: General, Formal, Competition, Professional Advancement
- The event is a full day/multiple consecutive days and/or evenings
- Two or more sponsors/speakers/services have been invited or booked
- Joint event with two or more Laurier clubs
- Joint event with any other university club
- On or off-campus

All Events MUST be submitted at least 3 weeks (21 days) in advance. Large Events are recommend to be submitted 8 weeks in advance.

The less time the Students Union has to review Large Events, the less likely they can be approved.

MODULE B.1

WILL THE EVENT BE ON-CAMPUS, OFF-CAMPUS OR VIRTUAL?

On-Campus

- Hosted on Laurier University property in Brantford or Waterloo.
- When hosting or attending events on campus all Clubs and Associations must follow all university policies and procedures such as Food Service rules and safety protocols. This is in addition to the Students Union policies and procedures.
- The Students Union manages space bookings in the Student Center (Brantford) and the Fred Nichols Campus Center (Waterloo)
- The University manages all other space bookings
  - See more information about space bookings in *Step 5: Space Bookings*

Off-Campus

- Off-Campus events being attended by a Laurier club require that all Laurier attendees complete the **Release, Waiver, and Indemnity form**
  - The Release, Waiver, and Indemnity form will be provided to you when necessary after the submission of the Event Registration Form
  - Attendees and/or members of a club who are using their personal vehicle to transport other attendees, are expected to fill out the **Personal Vehicle: Driver waiver**
  - Attendees and/or members of a club who are carpooling and taking a personal vehicle of another attendee, are expected to fill out the **Personal Vehicle: Passenger waiver**

Virtual

- Hosted through an online form such as Zoom, Teams, Discord
- Involve less logistics
- Still subject to Clubs & Associations Policies and Procedures

When looking at event dates, make sure to follow the 3 week required submission deadline.

It's always good to keep a **few dates available** for your event in order to be flexible when looking for space on campus. Please be aware that other events, exams, and holidays may affect your event attendance.

MODULE B.2

STEP 2: EVENT FEASIBILITY

An important step after conceptualizing an event is the clubs capability of facilitation, see items to plan and consider:

☑ EVENT TIMELINE

Is the event date more then 3 weeks away?
We advise larger events should be started at least 8 weeks in advance.

☑ EVENT BUDGET

Work with your **club's finance team,** and existing funding, to determine if you can financially host this event. Create an event budget as this may be required for **larger events.**
See *Module D: Finance* for further finance information

☑ CLUB MEMBER CAPACITY

Keep in mind your team members' capacity to assist with events; all club members are students and you do not want to over extend anyone's availability.
Consider this when choosing event dates, size, and the number of events you are hosting.

MODULE B.3

STEP 3: EVENT REGISTRATION FORM

Now that you have the general event concept ironed out and you have confirmed the event feasibility, it is time to submit the Event Registration Form.

Built into the event registration form are instructions on many event components. Please ensure you are completing the form correctly for your event.
Read every section and question before moving forward.

EVENT REGISTRATION DEADLINES

Event Registrations **must be submitted at least 3 weeks (21 days) in advance of the proposed date** or they will be DENIED. Large events are recommended to be submitted 8 weeks in advance.

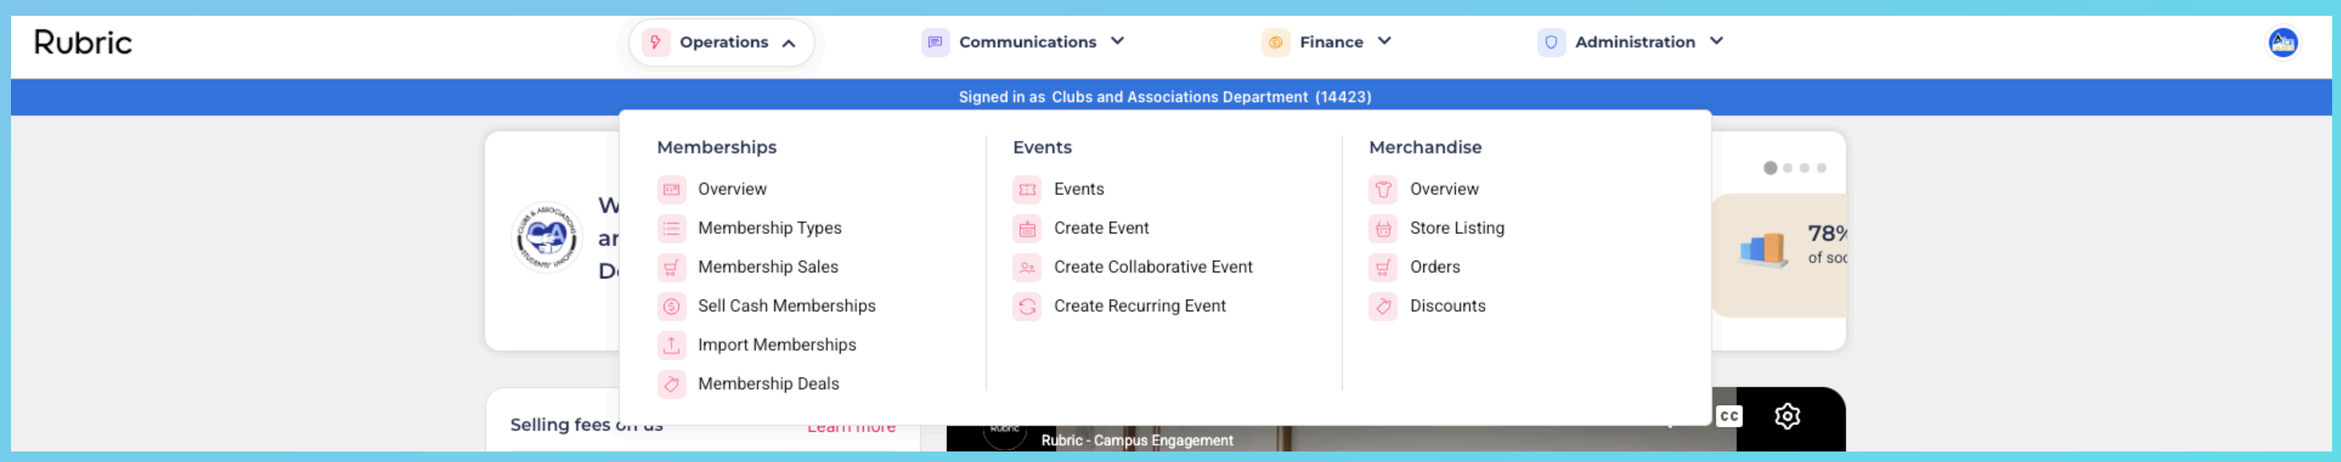

You must submit an Event Registration for EVERY event, gathering or meeting your club hosts or attends. Please complete all the necessary sections in the event registration, even if you don't have the event details 100% confirmed.
Don't wait to submit an event request, submit sooner rather than later.

Accessing Events Module

- Log into your Rubric account
- Open your drop down menu on the top right of your page
- Select the club account you wish to access

Once your clubs is selected you will now be logged into your clubs portal. From here you can access all kinds of clubs resources or forms.

The **Events Module** can be found the **Operations Tab** at the top of the page.

MODULE B.3

HOW TO SUBMIT THE EVENT FORM

How to create an event

- Open the Operations Tab
- You have three options you could select:
  - **Create Event**
    - The majority of the time you will select this option
  - **Creat a Collaborative Event**
    - Select this when doing a joint event with another **Laurier Club**
  - **Create a Recurring Event**
    - Select this for meetings or identical events that will be repeated
    - Recurring events should only be used for a maximum of one term at a time

In the Event Form there are 5 sections:

- **Event Information**
  - Basic date, location and public description of the event
- **Ticketing**
  - All tickets in Rubric are used as an **RSVP**, they should **ALWAYS REMAIN AT $0**
- **Additional Questions:**
  - This is the detailed information required by the SU, broken into sections. Based on your answers some sections will not be required. The form will automatically skip sections that are not applicable.
  - Ensure to read every question fully to answer it correctly
- **Upsell Merchandise**
  - This is not an available feature and can be ignored. Hit next when on this page.
- **Event Summary**
  - This will give you an overview of your submission
  - Select **publish** to submit your event request to the SU for review
  - Once approved, events will populate on your clubs page and the events calendar

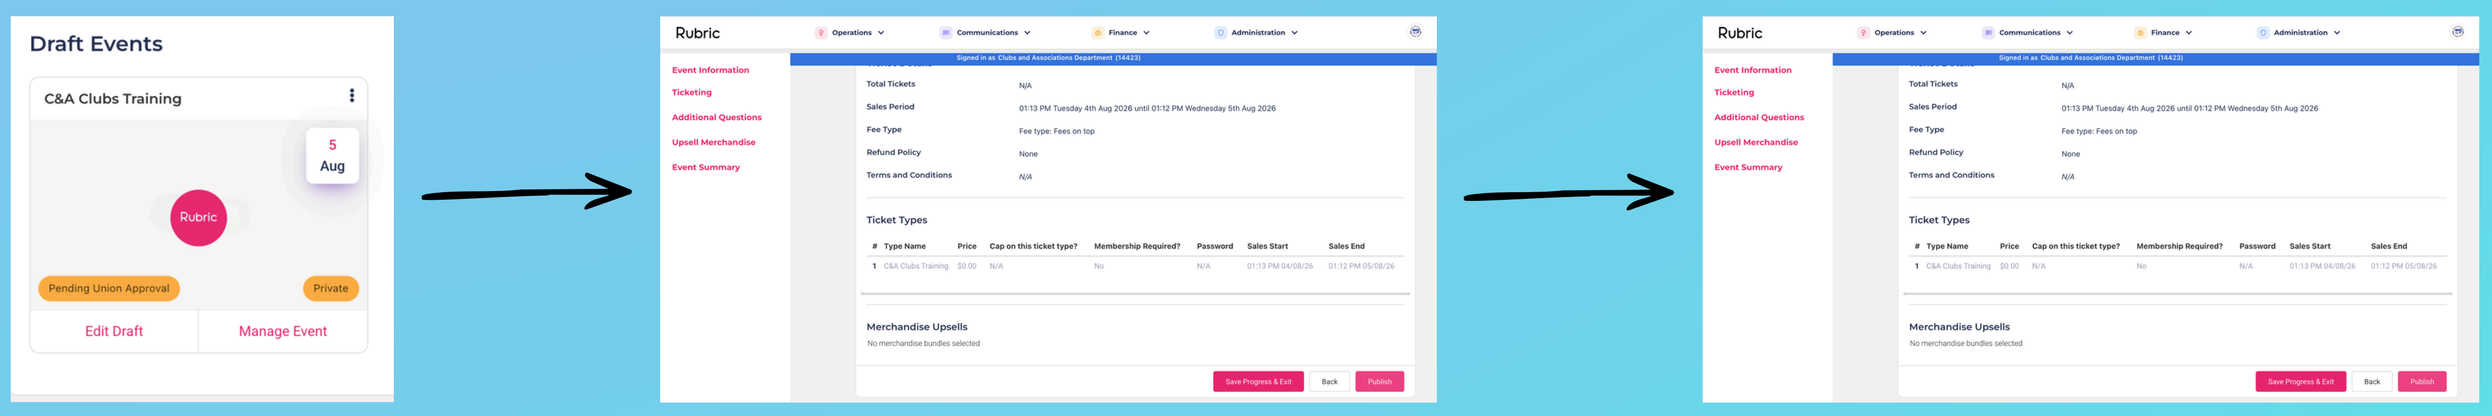

MODULE B.3

HOW TO SUBMIT THE EVENT FORM

How to Edit a Submitted Event Form

1. Open the **Operations** tab and select **Events** from the drop-down menu.
2. Scroll down to **Draft Events** and locate the event you would like to edit.
    a. Confirm that the event has an orange Pending Union Approval tag. If this tag does not appear, the event was not fully submitted and has not yet been reviewed by the Clubs & Associations team.
3. Select **“*Edit Draft*”**. The event form should open in a new tab.
4. If the event was originally submitted correctly, a pop-up will appear indicating that your changes will require reapproval. Select ***“Proceed to Edit”***.
5. Make the necessary changes to the event form.
6. Once your changes are complete, select **“Next”** in the bottom-right corner until you reach the Review Submission section.
7. Review the entire submission and confirm that all changes accurately reflect the details of your event.
8. Continue by selecting **“Next”** through the merchandise page.
    a. The Students’ Union is not currently allowing clubs to use the merchandise module on Rubric. Please follow the merchandise process outlined in *Module D: Finance* instead.
9. You will then arrive at the event summary page. Confirm that the event’s date, time, and location are correct, and then select ***“Publish”***.

You must select Publish for your changes to be saved and submitted to the Students’ Union for review. If you do not publish the event, your changes will not be updated.

MODULE B.3

STEP 4: EVENT SPACE BOOKINGS

A large portion of event planning will be the space you host your event.
See specific booking information below.

Majority of space bookings on Laurier campuses are facilitated by the University and NOT The Students Union.

ON-CAMPUS SPACE BOOKING

Clubs are required to book all general classroom space directly with Laurier Room Bookings:

- Room Bookings HERE
- You are required to send in your room booking request at least 3 weeks in advance of the event
  - Same as the Event Registration Form
- Make sure to list any event room requirements in your booking request
  - I.e Building preference, desks vs lecture hall, etc.
- After submitting a room booking request, you will receive a request conformation email
  - Make sure to save this confirmation as it may be needed in the future.
- Note that academic and institution events take priorities, thus you may not get the room you requested but will be provided with alternatives.

The Students Union will book ALL space on your behalf IF:

- Your event needs 4 or more spaces.
- You would like to book a large lecture hall (LH1001, LH3094, Arts 1E1, RCE 004).
- You would like to book an Atrium (Laz Hall, Science, Schlegel, RAC Lobby)
- You would like to book the Senate and Board Chamber
- You would like to book space in Athletics (gym, studios, alumni field)

Other place you will need to go to book space on campus include:

- Brantford:
  - To book the Multi-Purpose Room please email cathompson@wlu.ca
  - You can book the Student Commons, Level 1 Lounge and Commuter Lounge Bookings through the link HERE
- Waterloo:
  - To booth on campus you must reserve space through the Concourse office. Please complete the form HERE

MODULE B.4

OFF-CAMPUS SPACE BOOKING

- For any off campus events you must have a confirmed booking and or reservation.
- Some venues may require contracts which must be signed by the **Students Union.**
- Contracts or bookings need to be made under the name of **Wilfrid Laurier University Students' Union.**
- Club members can be listed as event contacts, but do not have any signing authority.
- Contracts must be provided to the Clubs & Associations Events Assistant for review, approval and signature.

STEP 5: EVENT LOGISTICS PLANNING

Now the event registration form has been submitted, the finer details of the event can begin. This includes:

- Creation of marketing material
- Event day of schedule plan
- Space booking (see *Step 4: Space Bookings*)
- Any potential additional requirements

EVENT PLANNING TIPS

- Each event should have one lead, a go to person who can make quick decisions when needed
- Work with all club members to delegate tasks
- Develop your budget to ensure you will be spending correctly. It's a good idea to review all Clubs & Associating procedures to make sure what you are wanting to purchase is permitted.
    - ***Have questions? Ask your AVP first!***
- Make a schedule for the day of the event, so all involved know their responsibilities
- Complete any needed action items provided by the SU in a timely manner

MARKETING MATERIALS

Your club can begin making marketing materials, but clubs are not permitted to advertise their event until after approval has been given.

- Feel free to reach out to our Clubs and Associations Marketing Committee to further promote your event (@wacampusclubs)
- See *Module F* for the university's temporary signage and notices policy

MODULE B.5

C&A 101

CLUB ACTION ITEMS

After submitting your event request, if applicable the SU will contact the club with instructions on any required items needing submission or edits for your proposed event.
This could be:

- Further event details where necessary
- Required Waiver information needing completion
    - All off campus events require correct completion of a wavier
- Larger events may need a meeting to go over extended requirements
- Sending any contracts to the SU for signing (club members have no signing authority)
- Speaker Information

SU ACTION ITEMS

Depending on event needs there may be actions required to be taken by the SU.
These items often include:

- Specific room bookings
- ICT requests for audio visual equipment
- Facilities orders for tables and chairs
- SHERM event safety checklists for larger events
- Review and signing any contracts provided by clubs

MODULE B.6

STEP 6: EVENT APPROVAL

After submitting the Event Registration Form the SU team will review your submission.
At this point you may be sent action items. Event approvals will be provided as soon as they are possible. Events should not be advertised/marketed before approval.

POTENTIAL EVENT APPROVAL DELAYS

- Waiting on Club Action items to be submitted
- Completion/Conformation of the SU Action Items
- Missing or unclear information in the Event Registration

If there are minor issues with your event, our team will communicate and work with you to determine how the event can be adjusted to meet your clubs goals, expectations and adhere to all polices.

IMMEDIATE EVENT DENIALS

- If the event was submitted less then 3 weeks in advance
- If the event blatantly breaks policies

AFTER EVENT APPROVAL

Clubs will receive approval via automatic rubric email **to the CLUBS general email.** It is recommended to monitor your clubs portal and the clubs event summary page to view any approvals, denials or notes added to events.

- **Event approval is not tied to room bookings**. You must receive a room booking confirmation for your event in order to use the space.
- Event purchases and marketing/promotions can begin AFTER approval
- Although the event is approved the Clubs and Associations Policies and Procedures must be followed

MODULE B.7

STEP 7: ADDITIONAL CONSIDERATIONS

See below additional event considerations for specific situations

RE-OCCURING EVENTS

- Rubric offers an easy way to submit re-ocurring events
  - Click on “Create Recurring Event” from the “Operations” drop-down to submit any recurring meetings/events as one event registration form.
  - The date in the event form should start from the first event and go to the last event.
  - List each individual date in the Event Registration form under additional comments.
- **Laurier Room Bookings does not accept re-ocurring bookings**

HOSTING VS ATTENDING AN EVENT

Hosting an Event

- Your club is planning the event
- Your club is financially contributing to the event
- Your club is responsible for following all event policies and procedures
- Multiple clubs can be hosts, if that’s what has been agreed upon
  - One club must be established as the primary host, for communication and delegation purposes
- You must complete an event registration form, listing your club as hosting the event
- Can be on or off campus

Attending an Event

- You are not planning the event
- You are not financially contributing to the event
- Multiple clubs can be attendees, if that's what has been agreed upon
- You must complete an event registration form, listing your club as attending an event
- Can be on or off campus

MODULE B.7

CLUB EVENT COLLABORATIONS

Club Collaborations are when two or more clubs join forces to put on a successful event. Event Collaborations are welcome, but there are several factors to consider.

Joint Events with Laurier Clubs and Associations:

- When collaborating on an event with other Laurier clubs:
    - One club must submit a Collaborative Event registration form, at the end of the form they can invite the other club to join their event request
        - Once accepted both clubs will have full access to view and edit the event request
    - The clubs must submit a **joint event budget**
    - If multiple clubs are hosting the event, a Memorandum of Understanding (MOU) must be established and signed by all clubs and the SU
        - The MOU will be drafted and provided to you by the SU
        - Terms of the MOU are established by the clubs involved and approved by the SU
        - Event Collaborations will not be approved until an MOU is completed
        - Each joint event is handled on an individual basis
    - A MOU is not required when attending an event

MODULE B.7

CLUB EVENT COLLABORATIONS

Club Collaborations are when two or more clubs join forces to put on a successful event. Event Collaborations are welcome, but there are several factors to consider.

Club Event Collaborations with Other University Clubs:

- When collaborating on an event with a university clubs external to Laurier:
  - The Laurier Club must submit an standard event registration form
  - All involved clubs must submit a joint event budget to the Laurier SU and the partnering universities club managers
    - All clubs involved must follow policies, procedures established by both of their institutions
    - All finances must flow through the hosting campus institution
      - If the event is off campus, the clubs must choose one institution to have all finances flow through
  - A Memorandum of Understanding (MOU) must be established and signed by all clubs, the Laurier SU and the partnering universities club managers
    - The MOU will be drafted and provided to the clubs by the hosting campus institution
    - Terms of the MOU are established by the clubs involved and approved by the SU and the partnering universities club managers
    - Event Collaborations will not be approved until an MOU is completed
    - Event Collaborations require a meeting with all involved clubs, the Laurier SU and the partnering universities club managers
    - Each joint event is handled individually
  - Clubs are not permitted to merge as one organization with similar student groups from other institutions

Club Event Collaborations with Laurier Internal Partners

- When collaborating with Laurier departments:
  - Indicate the collaboration on the Event Registration
  - The club is still required to follow all SU polices and procedures
  - An MOU may be required

MODULE B.7

THIRD PARTY EVENT ATTENDEES

There are a variety of 3rd party event attendees you may have at your events. These attendees can be organized into three categories: **Sponsors vs Speakers vs Services**.

Some sponsors or for profit services may be subject to an on-campus tabling fee administered by the University One Card Office. Communication about this fee will be administered through the SU. If you have any questions, please ask you AVP.

Sponsors

- A sponsor attendee is based on a sponsorship agreement sent to and approved by the SU. The main defining feature of a sponsor event attendee is the exchange of goods.
- Exchange of goods can include speaking or presence at your club event in exchange for marketing of their organization/company on your event advertisement, monetary contribution or gifts in kind to your club. In this situation you must submit a sponsorship form, please see more about the sponsorship process in *Module D: Finances*.

Speakers

- A speaker attending your event is a person volunteering their time on behalf of themselves or a company/organization. There is no exchange of goods or advertisement on club marketing material.
- Speaker information *must be communicated to the SU in order for your event to be approved.* You must provide each speaker's name, and if they are representing themselves or if they are representing a company. The company name is also needed, if relevant.

Services

- A service attendee is someone coming to your event to provide a service. This could be a DJ, Photo Booth, Rental company, Service Dogs, etc. Often clubs are required to pay for a services attendance at their event.
- A service *agreement or contract is required and the SU must review, approve and sign any contracts*. Club members do not have signing authority. If no contract is provided by a service provider the SU may draft an agreement needing to be signed.

MODULE B.7

EXTERNAL SPONSORSHIPS

Invoice Expectations

All contracts/invoices that require payment/signature from the Students' Union must be addressed to the Students' Union, as opposed to yourself and your club. This is because the Students' Union has signing authority when it comes to payments/insurance.

They can be addressed to:

- **Name**: xxx
- **Organization**: Wilfrid Laurier University Students' Union
- **Address**: 75 University Ave., W., Waterloo, ON N2L 3C5
- **Office**: 2nd Floor Fred Nichols Campus Centre

Events with 3rd Party Companies

If your club plans to bring in external companies to set up booths or engage with students in Laurier spaces, the club may be subjected to a fee determined by the OneCard office. If the club may be subject to a fee based on your event request form, the C&A department will connect you to the concourse to discuss specific fees.

Clubs and club presidents do not have signing authority. Any invoices or contracts that have not been processed through the appropriate Students' Union channels are considered invalid.

MODULE B.7

EVENT TICKETS

If you want your event to be ticketed, you must submit the SU Desk Ticketing Form found in the event registration form. Event tickets come in three types: **event, donation, and executive merch**. This form must also be submitted at least 3 weeks before your event date.

All clubs (excluding the Lazaridis Students Society and affiliate clubs) must use the SU Desk Ticketing Form when collecting money; **no 3rd party ticketing sites are permitted**. For more information on the ticketing process, please review *Module D: Finances*.

PHYSICAL RESOURCES

The SU has a variety of events resources clubs can access. See list below:

- **SU Desk resources are free to book out and reserve**
  - Boardgames Library (Waterloo)
  - Individual Table bookings (Brantford & Waterloo)
  - Portable Speaker & Microphones (Waterloo)
  - Cameras (Waterloo)

- **Tables and Chairs**
  - Tables and chairs can be ordered for your event form the University.
  - There is a cost for this service charged to the club.
  - Indicate numbers needed in your Event Registration Form and the SU will order these on your behalf

- **Extended Audio Visual Event Needs**
  - Consult SU on event requirements and space restrictions for larger event AV needs

MODULE B.7

EVENTS IMPORTANT REMINDERS

- Clubs are not allowed to give out cash as prizes for events, unless approved by the (A)VP Clubs and Associations in advance of the event.
- Clubs are not allowed to hold raffles (gambling), a gambling license needs to be acquired to execute this. Alternatively, club can hold a giveaway instead.
- Food restrictions are dependent on event location and campus. See *Module C: Food* for more information
- Make sure your event is/will be approved before making purchases
- Any questions please reach out to your AVP
    - Event specific questions can be emailed to the Clubs & Associations Events Assistant if an Event Registration Form was previously submitted
