MODULE D.1

BUDGET ALLOCATIONS & ACCOUNTS

BUDGET ALLOCATION AND FUNDING

Funding will be evaluated on a term-by-term basis (Fall & Winter).

Club members must have access to Settlements & Union Forms on Rubric to view the club's finances. This access should only be granted to the VP of Finance & Club Presidents.

To complete an Allocation

- Clubs Department opens requests and send out associated form for each club team to fill out
- AVP adjusts and creates list
- AVP & VP approve numbers
- Clubs Department processes

The deadline for UPCOMING Fall 2026 Budget Allocation is xxxx.
If you do NOT submit an allocation form by the deadline, we will assume your club needs no funding for the semester.

NO EXTENSIONS WILL BE PROVIDED

Funding Expectations

- The Clubs & Associations department has a limited budget to allocate to clubs, which is separated by semester
- Typically, the maximum allocated to single campus clubs (either Waterloo or Brantford) is around the $***1000 mark,*** with multi-campus clubs having a slightly higher maximum, however the average budget allocation is closer to $550, subject to change based on how many clubs request allocations
- The amount your club has remaining in its account is considered when you request funding
- The amount and scale of your events, non-event expenses and revenue your club generates are all taken into consideration, as well
- Follow the instructions included in the first tab of the spreadsheet to help us understand your budget request

- After the Winter Semester, unused money is taken back by the Clusb & Associations Department

Please reach out to your AVP if you have any questions regarding the policies and guidelines on fund usage.

Generated Account:

- Money generated by the club/association

Tell club members to set up auto-deposit for your MyLaurier email to make sure money is deposited quickly and doesn't get missed. Also helps know if emails received are real or scam attempts.
